## PRESIDENT'S MESSAGE

This month, we will be inviting the retired members of the UPCDA to the meeting. It is always a great time to talk with the retirees, young and old. One of the great things about belonging to a group like the UPCDA is the great friendships we are able to form with our colleagues. I have found that I am able to strike up a conversation with anyone at one of our meetings and come away better

for having spoken with them. I often enjoy hearing the war stories from our colleagues as it amazes me how often we have faced the same challenges – not that hearing the stories makes the challenges easier, it is just nice to know that I am not alone.

Last month, I congratulated one of our new life members on obtaining the life membership status. Now, she does not strike the normal profile of a new life member as she is first of all, a woman who was one of only two in her graduating class. I graduated in a class with 50% women, and it is nice to know that we have finally got to a period of equality. In the course of conversation, she told me that when she graduated, a filling cost \$1.00 and her assistant made \$1.00 per hour. Thank goodness the inflation has been disproportionate, given the overhead challenges we all face.

It is great to talk to the members who have been around for years. Like hearing stories of the Rock Osmond trophy from Dave Butler and Oscar Menendez. We have dusted off the Rock Osmond trophy and will be awarding it to the winner of this year's golf tournament. Apparently, Dr. Osmond was quite a golfer among many other things. It is the characters like this who make our history so fun to hear. If you like to play golf, Randy Griffin is coordinating a UPCDA tournament and it is sure to be a great time. And you never know, you may be able to wrestle the Rock Osmond trophy away from Bill Strupp and Danny Melker.

At last month's meeting, it was great to see my good friend Jim Hayslett there. There are so many legends involving Jim that it is worth mentioning at least one: the one about how Jim tried to spur commerce by converting Drew Street into a canal. Personally, I think it was merely an attempt to shunt traffic onto Druid Road, but alas his great vision for Clearwater was never realized.

## PRESIDENT'S MESSAGE (cont'd)

Perhaps one day he will have time to pursue the project in earnest. I know he is just waiting for the right opportunity. The other legends about Jim all seem to involve belly dancers, so I will let him fill you in on those.

One legend of the UPCDA is my absolute favorite. As the tale goes, one of our members grew frustrated with his office staff. Not one member of his office staff, but his entire staff. And not just frustrated, but extremely frustrated. So, one day he decided to let them go – that is, he fired his entire staff all at once! And, presumably, the next day, he went to work, all by himself. Apparently, he got busy hiring new employees and, knowing his current employees, he made some exceptional choices. This story makes me smile because we have all been frustrated and we have all had disagreements with staff, and I think it is nice to know that we are not alone.

The internet has websites dedicated to “Jumping the Fonzie” and while I am not going to go to the extreme of setting up a website, I do promise that as long as God is willing, I plan to attend these meetings. And when I retire, even if I am 80 years old, I will attend the retired dentists meeting. And when I pull up to Bon Appetit, get out of my 1999 base model Chevrolet pickup truck, and trudge up the stairs for my chicken surprise dinner, I plan to pull aside a young hotshot who just took his first Dawson course and knows it all, and I plan to make sure he knows what it means to, “pull a Hosley”.

## COME PARTNER WITH US

The Bay Area Pregnancy Center is hosting a mobile dental unit; which will be parked at our Clearwater location on August 17th thru August 21, 2009. We need (10) dentists who are willing to donate a half day to seeing patients who are in need. We provide the patients (6 years and older), the mobile unit is complete with x-ray equipment, fiber-optic handpieces, supplies, and instruments. We handle all scheduling and paperwork. The Florida Baptist Convention partners with Florida Department of Health in providing "sovereign immunity" for dentists who work the unit. Dentists who volunteer may receive up to a maximum of seven hours of required continuing education credits. This is a wonderful way for local dentists to use their professional skills to give back to the community. *Please consider helping us with this project, we look forward to hearing from you.*
